INFERNO LABEL NIGHT WITH TERRATUR POSSESSIONS

The Norwegian black metal label TERRATUR POSSESSIONS will be presenting their own stage during Inferno Club Night at the new venue POKALEN that is in the same building as Vulkan Arena. On Wednesday 1st of April two new Icelandic acts SINMARA and MISPYRMING will join the already announced SVARTIDAUÐI this evening! Sinmara has released their great debut album "Aphotic Womb" earlier this year. While Mispyrming will have their album "Söngvar elds og óreiðu" out later this year. To make the evening even better, TOXIC VISION will bring her artistic vision to the event. Prepare for an evening of total annihilation, violence and bloodshed!

Already announced artists: BEHEMOTH, ENSLAVED, BLOODBATH, MY DYING BRIDE, SEPTICFLESH, 1349, MORTUARY DRAPE, ANTICHRIST, SLAGMAUR, DØDSENGEL, SKELETONWITCH, SVARTIDAUÐI and ENSIFERUM.

TERRATUR POSSESSIONS – THE ASHES OF WRATH

Inferno Metal Festival is proud to present an evening with the label Terratur Possessions! Residing in the fiery pits of Nidaros, the label is known for releasing bands such as Urfaust, Mare, Svartidauði, One Tail One Head, Archgoat, Sinmara, Vemod and several other highly regarded bands. Starting out as a small cassette label back in 2007, now, 7 years, worldwide distribution and 40 releases later, the label is considered to be one of the most credible underground sensations in the Black Metal underground these days. Label owner Ole A. Aune states: "I'm honored to work with the people involved. What better way of honoring the venue name Vulkan than flying in three bands from the volcano hellhole otherwise known as Iceland? Three of the best bands around these days, no doubt, and not to mention working with one of the most talented and inspiring artists around these days; Miss Toxic Vision. I can't wait to see what morbid visions she'll create for this evening. Hell is here on earth."

EXECUTIONERS

Nothing left to coincidence, the Icelanders have been selected to crush any shadow of a doubt their little country is home to one of the most interesting Black Metal scenes these days. Svartidauði is well known to most already, whereas the dirty "little brother" Sinmara is a more recent affair, but already praised as one of the most promising new acts of recent times. And then there's Mispyrming, the newly signed band on Terratur Possessions, already gaining a huge following before even releasing anything except some teasers online. This will be their first gig outside Iceland.

TOXIC VISION'S OSSUARY EXHIBITION

After many years of melding together bits and pieces from another world, Toxic Vision will bring to Inferno a new way of presenting workmanship by way of funerary procession inspired by artists from around the globe. A showcase of the dead, the tower of silence ... Prepare to burn.

POKALEN

This is a brand new venue for Inferno Metal Festival. Pokalen is located on the ground floor in the same building as Vulkan Arena and is one of Oslo's hottest places for gigs at the moment. Both Vulkan Arena and Pokalen has been tried out for both festivals and gigs already and it works like a charm. We are excited about this new venue and its location near our other venues Blå and John Dee.
