## TERRATUR POSSESSIONS LABEL NIGHT AT INFERNO FESTIVAL 2017

TERRATUR POSSESSIONS has over the years become one of the most important labels when it comes to black metal. Always having high quality on every signings and releases they do. We are again proud to cooperate with the label to give the Inferno audience TERRATUR POSSESSIONS LABEL NIGHT at PARKTEATERET! This time Terratur Possessions brings along DEUS MORTEM, WHOREDOM RIFE, SLIDHR and DARVAZA!

#### DEUS MORTEM (Poland)

The latest signing to Terratur Possessions is none other than Deus Mortem! Despite having members from well established bands such as Behemoth, Infernal War, Thunderbolt, Azarath, Tortorum (...and the list continues) the band have never really gotten the attention that they rightfully deserve. It's time to change that! Together with Malignant Voices, Terratur Possessions will release their debut LP and a brand new MLP in time for their appearance at Inferno Festival! For reference, Deus Mortem could be described as influenced by Aura Noir, Bathory, Dissection and Dark Funeral - Underlining the fact that influence is drawn from the above

mentioned bands OLD material.

### WHOREDOM RIFE (Norway)

The latest sensation emerging from Trondheim, Whoredom Rife is a name that you should take heed of straight away (if you have yet to!). After the critically acclaimed MLP released in 2016, the future looks darkly promising as they're already hard at work on a second full length! The aim is to release their debut at this event, and who knows? ... Maybe there will be a special edition just for this seance? Imagine the bastard child of Dissection and Emperor birthed in Nidrosian darkness, and you have Whoredom Rife.

### SLIDHR (Ireland/Iceland)

J. Deegan's entity Slidhr has become something much bigger than what started as a one man black metal band back in 2005. With his henchmen from Sinmara as a backing band, a relentless assault is formed. As a fan from the beginning, it was with immense pleasure Terratur Possessions was chosen to release the "Spit Of The Apostate" MLP – A release filled to the brim with furious Black Metal, drawing inspiration from all genres and executed without getting artsy about it. Filthy, furious Black METAL.

### DARVAZA (Italy/Sweden)

Garnering a good amount of attention these days, and rightfully so, Darvaza have quickly created quite a reputation for themselves. With two successful EPs yet only a handful of gigs under their belt (all stunning performances might I add) the band have upcoming gigs around Europe for months to come. New material is in the works, and it can be confidently stated that their performance is going to be one of the highlights of Inferno 2017. Raw, filthy, old school black metal delivered with no gimmicks, just fiery pure devotion.
