Inferno Metal Festival is proud to announce the first bands for Inferno Metal Festival 2020! Next year marks our 20 years anniversary and we are looking forward to celebrate with all of you. The first bands for 2020 are Kampfar, Ved Buens Ende, Cadaver, Myrskog, Sylvaine and Valkyrja!

**INFERNO METAL FESTIVAL 2020:
KAMPFAR – VED BUENS ENDE – CADAVER – MYRSKOG – SYLVAINE – VALKYRJA**

KAMPFAR

Kampfara needs no introductions for fans of Norwegian black metal. The band was formed in 1994 and has since then released eight full-length albums and several EPs and singles. In 2015 Kampfara won an award at Spellemannsprisen (Norwegian Grammy) for their album "Profan". Their latest release, "Ofidians manifest", has received great reviews and are among the best albums of 2019. Check it out and make sure to see Kampfara live at Inferno Metal Festival 2020!

VED BUENS ENDE

Back in 1995 something completely different was released and it came from the Norwegian underground black metal scene. This unique masterpiece was called “Written in Waters”. It was no ordinary black metal album – far from it – it was music that no one had heard before. Some people would even argue if it was black metal at all – and some would just call it avant-garde black metal. It does not matter what you call it, it was something vast and distinctive that still feels unique even almost 25 years later. Ved Buens Ende was laid to rest soon after and the band has not released anything after “Written in Waters”. Finally the band are back and will play live at Inferno Metal Festival! With members and ex-members from such bands as Aura Noir, Cadaver, Dødheimsgard, Satyricon, Arcturus, Ulver and Virus.

CADAVER

Cadaver was one of the first Norwegian death metal bands. After several demo tapes between 1988 and 1990, the band released their debut album “Hallucinating Anxiety” in 1990. Two years later they followed up with “...in Pains” before the split-up in 1993. In 1999 founding member Anders “Neddo” Odden (Order, ex-Celtic Frost, Satyricon) brought the band back to life under the name Cadaver Inc. After a few years the band changed their name back to Cadaver before they disbanded again. Cadaver is now back and a new album will be released. Neddo has recruited Megadeth drummer Dirk Verbeuren and they are ready to unleashed more Norwegian death metal upon the world.

MYRKSKOG

Norwegian death metal band Myrkskog was formed in 1993. The band released a couple of demo tapes during the 90s. In 2000 their debut album “Deathmachine” was released – a brutal album that felt like being hit in the face with a shovel. Two years later the follow-up called “Superior Massacre” was released. Now Myrkskog is back and ready to release their fury upon Inferno Metal Festival! Since it will be 20 years ago that “Deathmachine” was released the band will perform the album in its entirety. With members and ex-members from bands like Morbid Angel, Emperor, Odium, Nordjvel and Zyklon.

SYLVAINE

Norwegian multi-instrumentalist Sylvaine has released two albums on Season of Mist; “Wistful” from 2016 and “Atoms Aligned, Coming Undone” from 2018. The Latter was nominated in the metal category at Spellemannsprisen (The Norwegian Grammy). The project serves as an emotional catharsis for the artist, revealing the eternal longing for something more residing within its melodies, capturing the feeling of being trapped and restraint by the human form.

VALKYRJA

Swedish black metal band Valkyrja was formed in 2004. Valkyrja quickly gained their reputation as a ferocious live act; a display of carnal lust leaving each stage with the foul scent of death. Since then the band has released four albums of furious black metal violence. Valkyrja is touring as support for Marduk at the moment and will be good and ready for Inferno Metal Festival in 2020.
