FIRST BANDS FOR INFERNO 2023

We are ready to announce the first bands for Inferno Metal Festival 2023. We are proud to welcome Cannibal Corpse, Odium, Harakiri for the Sky, Djevel, Nekromantheon, Darvaza, Nervosa, Lili Refrain, Svalbard, Dwaal and Mutilated Tyrant.

CANNIBAL CORPSE

American death metal band Cannibal Corpse need no introduction for metal fans – they are one of the best selling death metal bands of all time. Classics albums like “Eaten Back to Life”, “Butchered at Birth”, “Tomb of the Mutilated” and “The Bleeding” are regarded as landmarks in death metal history! The band has continued to make great records all their career and their latest album “Violence Unimagined” shows a band that is still hungry for blood! This will be Cannibal Corpse first time at Inferno Metal Festival and we can’t wait to see them tear Rockefeller apart!

ODIUM

Norwegian symphonic black metal band Odium started in 1994. The band released only one album – “The Sad Realm of the Stars” in 1998. The members went on to play in several different bands like Myrkskog, Emperor, Grimfist and Funeral. In 2018 Odium performed at Inferno Metal Festival to celebrate the anniversary of “The Sad Realm Of The Stars”. Now they are back for another great gig!

HARAKIRI FOR THE SKY

Austrian duo Harakiri for the Sky have been taking black metal into new territories ever since their inception in 2011. Their debut album established a sound that was unique and over the years the band has created post-black metal that is as melancholic as it is aggressive. This will be Harakiri for the Sky first time ever in Oslo and at Inferno Metal Festival!

DJEVEL

Djevel is a band dedicated to the atmosphere around the early days of classic Norwegian Black Metal – with a raw and unpolished sound, mixed with haunting melodic passages that make their sound unique compared to most of today’s bands in the genre. Djevel has released several of great albums since 2011 and their latest masterpiece “Tanker som rir natten” even won a Norwegian Grammy Award called Spellemannsprisen in 2022.

NEKROMANTHEON

Norwegian thrash metal band Nekromantheon are among Norway’s finest within the genre. The band took the scene by storm when they released the first two albums in 2010 and 2012. Finally in 2021 the band released their third album “Visions of Trismegistos” to great acclaim. This means it’s time to bring the band back to Inferno Metal Festival!

DARVAZA

Italian-Norwegian duo Darvaza serves pure and raw black metal. The two members can also be found in several other acts like Chaos Invocation, Deathrow, Behexen, Beyond Man and Mare. Darvaza has released several EPs before their debut album "Ascending into Perdition" was released in 2022.

NERVOSA

All female Brazilian thrash metal band Nervosa has released several amazing albums since their start in 2012. Their latest album "Perpetual Chaos" was released in 2021 and is a beast of an album. Their aggressive style of thrash metal is pure fury to all senses and they really know out to put on a great show. This will be Nervosa's first time at Inferno Metal Festival!

LILI REFRAIN

Lili Refrain is a musician based in Rome-Italy. Since 2007, she has a solo project in which she uses electric guitar, vocals, percussions, synth and loops in real time, without using any computer or pre-recorded tracks. Her masterful technique and her refined taste, lead the listener through the maze of an unforgettable act beyond the boundaries of any genre. This will be Lili Refrain first time at Inferno Metal Festival.

SVALBARD

Svalbard are an English post-metal band from Bristol, formed in 2011. They mix several music genres like alternative, post-metal, post-hardcore, black metal and occasionally post-rock and hardcore. Metal Hammer wrote about the band: "one of the brightest sparks in UK hardcore". This will be the band's first appearance at Inferno Metal Festival!

DWAAL

Norwegian sludge doom metal six piece band Dwaal was formed in 2014. Their distinct blend of sludge, doom and post-metal is a dense, hypnotic wall of sound that alternates between suffocating heaviness and trance-inducing melancholy. Gloomy riffs, epic atmospheres and despairing vocals, punctuated every so often by minimalistic lo-fi melodies. First time at Inferno Metal Festival!

MUTILATED TYRANT

Mutilated Tyrant is a Native American black metal band from the Navajo Nation. You might have seen this band in the excellent NRK documentary "UXA - Thomas Seltzers Amerika". We are happy to bring this awesome band to Norway for the very first time!
