SUMMER BREEZE & INFERNO PRESENTS NON EST DEUS

In cooperation with Germany's Summer Breeze Open Air we're delighted to present NON EST DEUS at Inferno 2025.

Since the 2024 edition of the two festivals Summer Breeze Open Air and Inferno Metal Festival have had a band exchange program to promote German bands in Norway and Norwegian bands in Germany. For the 2025 edition of Inferno the band to participate in this exchange is NON EST DEUS.

Head of booking at Summer Breeze, Chris 'Jagger' Jäger says the following:

"With NON EST DEUS, both SUMMER BREEZE and the Inferno Festival were able to sign up one of the strongest bands in the German underground. NON EST DEUS have made a name for themselves with their impressive sound and their critical stance on organized religion. Mastermind Noise impressively brings out the themes of abuse of power and hypocrisy through powerful lyrics and musical realization. With its nine haunting songs, the current album "Legacy" promises an intense listening experience that is both thought-provoking and makes for a powerful live experience.

The performances of NON EST DEUS have already thrilled many fans in the past, and the anticipation for the upcoming concerts is definitely justified. Anyone who wants to experience the band live should definitely not miss the upcoming shows. It is to be expected that they will once again captivate the audience with their energetic performance and profound content."

NON EST DEUS

Non Est Deus is a German black metal project, formed by the multi-instrumentalist Noise in 2017. The band's music is characterized by its raw and aggressive sound, blending traditional black metal elements with modern influences. Lyrically, Non Est Deus often explores themes of anti-religion, existentialism, and personal freedom, challenging conventional ideologies and beliefs. Known for its intense atmosphere and uncompromising approach, Non Est Deus has released several albums, each contributing to its growing reputation in the underground black metal scene.

INFERNO METAL FESTIVAL

The iconic Inferno Metal Festival started in 2001 – and is the longest-running metal festival in Norway – and one of the most important extreme metal festivals in the world. We are very proud to have this position, and we will continue to promote Norwegian metal and bring bands from all over the world to Norway. The Inferno Metal Festival takes place for four days on Rockefeller's two stages: Rockefeller and John Dee – as well as many smaller clubs around Oslo. The festival takes place during Easter when there isn't much else happening in Oslo. The festival is usually sold out and more than fifty percent of the audience is from abroad. Ticket sales go to the whole world, including China, Australia, Chile, Japan, Taiwan, Canada, the USA, Colombia, Argentina, and many more.
